

GOOD DRESSING FOR SALAD.

Some Ingredients That Improve Old Time Mayonnaise.

This is simply a good mayonnaise to which capers, pickles, olives, parsley, etc., are added to make a pleasing acid sauce for fish, tongue, broiled chickens, crabs, etc.

To make it, mix together in a small bowl one saltspoonful salt, one-half saltspoonful paprika, or white pepper, and one teaspoonful each mustard and sugar; have in readiness the yolks of two eggs and a half or whole cup of olive oil that has been chilled on the ice. Break the egg yolks into the mixed condiments and begin beating with a fork or wooden spoon; then commence adding the oil, very slow at first, beating with a fork or Dover egg beater. As the yolks begin to thicken, the oil may be added more rapidly, and now the Dover beater is the thing to use. Keep on adding oil until the mixture is so stiff that the beater refuses to turn, then thin with lemon juice or vinegar or half and half. It will require from three to four tablespoonfuls according to taste. A mixture of tarragon vinegar with the other vinegar or lemon juice is especially appetizing. When the proper consistency add at the last, still beating, a few drops of onion juice, one tablespoonful each chopped olives, cucumber pickles and parsley; also, if desired, an equal amount of capers or nasturtium seed. A few of the nasturtium leaves chopped fine are also esteemed by many. This sauce will keep for days in a cold place. Before making it see that the bowl and egg beater are chilled as well as the ingredients.

MANY REMEDIES FOR STAINS.

Comparatively Simple to Remove Blemishes From Fabrics.

Stains from milk, cream, meat, blood, sweet oil: Soak in cold water for a few minutes, then rub on soap and wash well in cold water.

Pitch, tar, wheel grease, machine oil: Rub lard or butter into the stain and let stand half an hour, then scrape off the pitch or tar. Wash in cold water, rubbing plenty of soap on the stain.

Grass stains: Soak in alcohol or kerosene.

Fruit, tea, coffee, cocoa, or chocolate stains: Spread the stain over a bowl and pour boiling water through until the stain disappears.

Vaseline stains: Soak in alcohol or kerosene.

Iodine stains: Wash with alcohol ether, or chloroform.

Scorch stains: Wet the stain with soap suds, then spread in the sun; cover the wet stain with starch made into a paste with soap suds.

Ink stains: There are several processes for removing these stains, but owing to the various methods of making ink, a process that will be successful in removing one ink may have no influence on another. Here are some of the simple methods: Wash the stain in several cold waters and then with soap and water; wash in sweet milk; soak in sour milk; wash in clear water and then in a solution of oxalic acid, then wash thoroughly in cold water.

Cooking and Spoiling.

There are three kinds of cooking—negative, neutral and positive. The first is no cooking at all; it is only spoiling good material; it is simply jabbing wildly at a delicate duty. The neutral sort is the kind where a person eats and doesn't know it—just swallows and goes; no sentiment, no beauty, no delight in it. The third is where the light of the mind and the grace of the heart join in the delicate mingling of the material, and touch this and that feature of the process with the lovely vision of the sculptor who rounds the white muscle of Venus' shoulder, or of the artist who blends in a flower the tints of another world.—Ohio State Journal.

To Clean Linoleum.

Linoleum or oilcloth should never be scoured with a stiff brush or strong soap, for the soda in the soap will damage the pattern, says Interior Decoration. Instead, a soft woolen cloth and warm water, to which a cupful of milk has been added, should be used.

To Darn Serge.

When darning cloth, serge, or tweed, it is best to unravel a strand of wool from the raw edge of a turning, if it can be procured, and use this to mend the material with.

Many Holidays in Mexico.

In Mexico the average laborer thinks himself entitled to 131 days in a year for traditional and more or less obligatory idleness. The list is made up of 52 Sundays, 52 saint Mondays, 15 solemn feast days, three holy days, three national feast days, and six family feast days.

Ways of the Candidate.

"Sometimes," said Uncle Eben, "a candidate starts by wantin' to set everything right, an' finishes by simply goin' all wrong hisself."

DOES YOUR BACK ACHE?

Profit by the Experience of One Who Has Found Relief.

James R. Keeler, retired farmer, of Fenner street, Cazenovia, N. Y., says:

"About fifteen years ago I suffered with my back and kidneys. I doctored and used many remedies without getting relief. Beginning with Doan's Kidney Pills, I found relief from the first box, and two boxes restored me to good, sound condition. My wife and many of my friends have used Doan's Kidney Pills with good results and I can earnestly recommend them."

Proper Eyeglasses.

Everyone who knows that in using a field glass it is necessary to adjust it to a proper focus. Suppose that you put one of the tubes at your focus and the other tube at a focus that suited some one else and then you looked through both tubes. You should have a more or less blurred vision, and if you kept on looking the chances are that you would feel giddy and get a headache. Now, the two eyes are supposed to have an equal natural focus, and when by any chance that focus is unequal a headache results. The remedy is a pair of glasses or a single glass to make the eyes equal in power.

If a man has a marble quarry he asks: What can I do with marble? He builds, he seeks other builders. The possession of a power, like the possession of an estate, impels to use, to gain, to service.

To Wash Velvet.

Velvet may be washed by shaking it about in warm Ivory Soap suds; then rinse thoroughly and let it drip dry. On no account squeeze or wring it. Be careful to hang it straight on the line, for otherwise it will be crooked when dry. ELEANOR R. PARKER.

Change in University Rules.

By the vote of 206 to 169 the senate of Oxford University, England, has discontinued the publication of the names of students in the mathematical tripos in the order of merit, and hereafter there will be no "senior wrangler."

With a smooth iron and Defiance Starch, you can launder your shirtwaist just as well at home as the steam laundry can; it will have the proper stiffness and finish, there will be less wear and tear of the goods, and it will be a positive pleasure to use a Starch that does not stick to the iron.
